

**Introduction** – who this book is for

1. Right Story, Wrong Lesson – how a perfectly good fable became a stealth weapon that’s destroying our best and brightest.
  2. The Turtles are Winning – why it’s really the gifted students who are at risk.
  3. What Was the Rabbit Thinking? – it’s not arrogance, it’s exhaustion.
  4. How Capitalism REALLY Works – what the system never taught you, and your parents wish they’d known.
  5. The Rat Race Simplified – there are only four ways to legally create income.
  6. Four Money Languages and an “Income Formula” – get this and get prosperous; miss it and stay broke for life.
  7. The Five Deadly Life Traps (Plus a Diversion) – how to avoid losing the race before it even starts.
  8. Who You Know vs. What You Know – the great debate has been settled.
  9. Same Degree, Half the Price – how to dramatically reduce your college costs, and live up to your potential at the same time.
  10. The Seven Areas of Life – the secret to maintaining your happiness, while pursuing your dreams.
- Supplement** – Rabbit on the Run; the making of a workaholic.
