*Co-Active Executive Career Coaching, Workshops, and Speaking Services*

Dear Military Event Planner,

My name is Lance T. Walker, and I'd like to introduce myself to you as a possible resource.

I specialize in Career Coaching, workshops, and speaking services for military members, students, and people changing careers. As a US Air Force veteran with over 20 years of "re-civilianizing" experience behind me, I've become somewhat of an expert in the art of job transitioning and the science of career planning.

My background includes business consulting, web design and development, computer network support, and e-commerce marketing strategies. I believe strongly in every American's right to self-determination, and I work very hard to help facilitate that process for each of my listeners and clients.

I have recently begun presenting a workshop for the Department of Defense Transition Assistance Program at MacDill Air Force Base, Florida, in conjunction with the Tampa Bay Workforce Alliance. In my capacity as Resume and Interview Strategy specialist, I am able to directly assist retiring and separating service members with the changeover back to civilian life.

The experience at MacDill AFB has been so positive, and the need expressed has been so great, that I believe I should expand the reach of my message and services to as many of our service men and women as I can. For that, I need your help.

I bring not only a strong, positive message of hope to my audiences, but also a concrete set of strategies and tools that can be utilized immediately by anyone who is serious about improving their current job prospects or career plan.

My main topic is entitled "Winning the New Job War; Strategies and Tactics for Getting Hired NOW".

I invite you to visit my web site, [www.lancetwalker.com](http://www.lancetwalker.com), and see for yourself the unique and powerful perspective presented there. My promotional package is also available there for your use, in the "For Event Planners" section.

Thank you for your time, and I look forward to working with you to bring greater hope and optimism to so many who have served our nation with distinction, and who now seek to better enjoy the way of life they have sacrificed to defend. My email address, fax, and phone number are listed below; please contact me at your convenience to partner with me in this effort.

Regards,

Lance T. Walker
